SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with 37 CFR 1.97(c)(1) the materials listed on the enclosed form PTO/SB/08a are submitted for consideration by the Examiner.

Each item of information contained in this information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign patent application not more than three months prior to the filing of this information disclosure statement.

An Office Action was issued by the Japanese Patent Office in a counterpart Japanese patent application on June 21, 2007. A copy of that Office Action is enclosed. The five documents cited in that Office Action are listed at the bottom of page 9 thereof.

JP 62-073949 is accompanied by an English language abstract which was obtained from a commercial database.

JP 2001-512599 is submitted only as an abstract. This document corresponds to WO

98/36355. A copy of that English language document is enclosed.

JP 2002-144536 is accompanied by an English language abstract which was obtained from a commercial database.

JP 2000-514220 is accompanied by an English language abstract which was obtained from a commercial database.

JP 2002-091536 is accompanied by an English language abstract which was obtained from a commercial database.

The other documents listed on the enclosed PTO/SB/08a form were forwarded to the undersigned by applicant's primary representatives in Germany. It is believed that they were received from the Japanese associates, in connection with the Office Action referenced above. Copies of these several documents are included in accordance with conservative practice.

JP 2000-005981 is accompanied by an English language abstract which was obtained from a commercial database.

JP 2001-306779 is accompanied by an English language abstract which was obtained from a commercial database.

JP 2001-350512 is accompanied by an English language abstract which was obtained from a commercial database. This document also corresponds to EP 0 197 891. A copy of that English language document is enclosed.

JP 2002-133556 is accompanied by an English language abstract which was obtained from a commercial database.

Entry of these materials into the file of the subject U.S. patent application, and their consideration by the Examiner is respectfully requested.

Respectfully submitted,

Harald Karl GRETSCH
